So Renaud Electric -
you already know how good Cory
is, but I still want to tell you
what I experienced. Not only real good,
but the best. So, can't get better than
that, & what a joy to work with.
Cory has great ideas of how to
get the job done. I then does it safely,
with lots of caution. Don't ever let him
go.

Larry, Angie & crew,

Thank you for completing
our Generac installation
in time to mitigate last
night's 5 hour outage due
to the Bomb Cyclone's
high winds.

FYI - The unit also came
on this ~~morning~~ morning for
its 5 min every other Wednesday
cycle. Thanks Phil Beyers
